### 5. Evaluation and Judging Transparency Framework

This framework outlines how AZMUN ensures transparency and fairness in all judging and evaluation processes.

#### 5.1 Blind Evaluation

Submissions are judged anonymously without access to participant names, institutions, or regions.

#### 5.2 Pre-Defined Rubrics

Each competition uses a clearly structured rubric made available to evaluators beforehand to guide objective scoring.

#### 5.3 Qualified Judges

Judges are selected based on experience in academia, MUN, or relevant fields. All undergo orientation before evaluation.

#### 5.4 Conflict Disclosure

Evaluators must disclose any conflict of interest with applicants and recuse themselves when necessary.

#### 5.5 Feedback Access

Participants may request generalized feedback on their submissions within 14 days of result announcements.

#### 5.6 Appeal Process

If a participant believes an error was made, they may email an appeal to Contactayonizmun@gmail.com within 5 days of result declaration.
